POLITICAL ANNOUNCEMENTS
The Daily Register is authorized to announce the following candidates for nomination, subject to the action of the Democratic Primary, August 2, 1919:
For Representative,
H. C. RICE
T. H. COLLINS

For Representative in Congress subject to the action of the Democratic party and the special election to be held August 2, 1919, in the Eighth Congressional district:
CHARLES A. HARDIN,
of Merrier county.

HARDIN ANNOUNCES FOR CONGRESS

To the Voters of the Eighth Congressional District:

After a careful survey of the situation in the Eighth Congressional District, I am persuaded that the collective sentiment of the democratic voters in the majority of the counties composing the district is favorable to my candidacy for Representative. Otherwise, I should not feel justified in announcing myself as a candidate for a position carrying with it such

signal honor for myself, and such great responsibility to my constituents, and especially, at a time in the history of the world, when statesmanship, to be personally credible and worthy of the honor must ignore small things and things of partisan prejudice, and give itself wholly and unselfishly to great constructive plans of national advancement and development. Stimulated—flattered it may be—by the belief that so large a

Women Who Know Take Precaution
Against Suffering.

Before the arrival of the Stork, women for over half a century have learned the wisdom of giving nature a helping hand. Nausea, nervousness, bearing-down and stretching pains in the abdomen and muscles are entirely avoided by the use of Mother's Friend, according to the testimony of thousands of mothers who have used this time-honored remedy.

Mother's Friend lubricates the fine network of nerves beneath the skin, and by regular use during the period the muscles are made and kept soft and elastic. They can then expand gently and easily when baby is born and pain and danger at the crisis is naturally avoided.

Mother's Friend is a preparation of penetrating oils and other medicinal agents prepared especially for expectant mothers. It is for external use, is absolutely safe and should be used regularly during the entire period before baby comes.

Write to the Bradfield Regulator Company, Dept. A, Lamar Building, Atlanta, Georgia, for an interesting Motherhood Book, and obtain a bottle of Mother's Friend from the druggist. You will find it the greatest kind of help.

number of the democratic voters of this splendid district consider me worthy to represent them in Congress during a possible and very probable, epoch-making period in the world's history, and with an enthusiastic appreciation of the personality, and the exalted statesmanship of our great President, whose policies I trust, shall constitute my working program, if elected, I hereby announce myself a candidate in this district for the office of Representative in Congress, subject to the action of the democratic party. It is my wish that selection of the nominee for the position be made by a primary election, held at a time when every party voter in the district shall have opportunity to register his free and voluntary choice.

After the most demoralizing war the world has ever known, we are upon a period of re-adjustment, and it will be my highest ambition, in or out of Congress, to support unflinchingly the man, who more than any of all the great men among our allies, has held the torch of liberty for a struggling world. Respectfully,
CHAS. A. HARDIN.

Starts Off Well

The Danville Messenger became a daily Monday and the first issue is a dandy in every way. Here's wishing the clever editor and proprietor unbounded success in his venture.

CHESTNUT BLIGHT FEARED.
Warnings against the chestnut blight which has reached the State of Virginia have been issued by J. E. Barton, commissioner of forestry and geology and Prof. Garman of the University of Kentucky. People are advised not to buy chestnut stock out of this State. The chestnut blight started in New York in 1904 and has gradually but effectively worked its way down thru the States to Virginia since that time. Kentucky has about 2,000,000,000 feet of chestnut timber which is very valuable hardwood and every precaution must be taken to keep the chestnut blight out of this state. It is impossible to quarantine in a case like this. Commissioner Barton said the next Legislature would be asked to provide means for quarantining against such blights.

FOR A WEAK STOMACH

As a general rule all you need to do is to adopt a diet suited to your age and occupation and to keep your bowels regular. When you feel that you have eaten too much and when constipated, take one of Chamberlain's Tablets.

Soldiers who were married aboard are eligible to discharge on their arrival in this country, War Department has informed the commanders of ports of embarkation. This rule holds whether the individuals arrive with their organizations or as members of casual companies.

LIFT OFF CORNS!

With fingers! Corns and calluses lift off. No pain!

Magic! Just drop a little Freezone on that touchy corn, instantly it stops aching, then you lift the corn off with the fingers. Truly! No humbug!

Try Freezone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness, or irritation. Freezone is the discovery of a noted Cincinnati genius.

Think of Your Gasoline Bill When You Buy Your Car

Many a dealer tries to take your mind off it while the sale is being made. We don't. We want you to do a lot of careful figuring on it.

And we'd like you to do more than figure. Give us a chance, in actual test, to show you the astonishing records of the Briscoe-built economy motor.

A Briscoe gallon will take your car a wonderful distance—twenty-six miles and more is an every-day performance.

That's because Briscoe engineers devoted years of experiment to the single feature of economy.

Ask us to prove it.

SOCIAL AND PERSONAL

Cellar Club Meeting.
Miss Emma Watts was host to the Cellar Club Wednesday afternoon at 4 o'clock. An excellent program was given including instrumental, vocal and literary numbers. A four-hand selection from the opera "Mignon" by Massenet was played by Mrs. Picketts and a Mary D. Picketts. Mrs. Paul Burnam followed in the vocal number, "Open Now Thy Blue Eyes" by the same composer. "Arabesque" by Debussy, was a lovely contribution to the hour of music by Miss Willie Baldwin, and the vocal solo, "Paul's Song of Exile," by Miss Miriam Noland, was a pleasing contrast. Mrs. Paul Bennett gave a most graphic description of the Grand Opera season in Monte Carlo, which she attended last week, after which Mrs. McGaughey played

the "Dream of the Virgin," in a sentimental style that suggested the tones of the organ. Miss Metcalf, who has brought so much of interest to the Club work this year, gave for a closing number the attractive "Cycle of Songs" written by Rogers, our American composer, the text taken from the Rubaiyat of Omar Khayyam. Miss Watts and Mrs. McGaughey were the accompanists of the afternoon.
The guests present were: Mrs. Murray Smith, Mrs. Harry Wilson, Mrs. Tott Furnam, Mrs. Eugene Walker, Mrs. Thompson Burnam, Miss Bessie Miller, Mrs. James Burnam, Mrs. Wenzelburgh, Mrs. Marshall Collins.

ABOUT RHEUMATISM
People are learning that it is only a waste of time to take medicine internally for chronic and muscular rheumatism, and about ninety-nine out of a hundred cases are one or the other of these varieties. All that is really necessary to afford relief is to apply Chamberlain's Liniment freely. Try it. It costs but 35 cents a bottle. Large size 60 cents.

Women Find Clear Skin In Simple Laxative

A sense of false modesty often prevents women from admitting that many of her ills and disorders are due primarily to constipation.

Women who know themselves have learned that headache remedies and beautifiers only cover the trouble but do not dislodge it.

What is needed is a remedy to move the bowels and stir up the torpid liver. An ever-increasing number of sensible women take a small dose of a combination of simple laxative herbs with pepsin known as Dr. Caldwell's Syrup Pepsin and sold by druggists under that name.

It will save a woman from the habitual use of headache remedies, skin lotions and similar makeshifts. Once the bowels are emptied and regulated, the headache and the pimples and blotches disappear. It is the rational, natural method.

A bottle of Syrup Pepsin lasts a family a long time, and all will find use for it from time to time. Thoughtful people are never without it in the house.

The druggist will refund your money if it fails to do as promised.

PRICE AS ALWAYS

In spite of greatly increased laboratory costs due to the War by sacrificing profits and absorbing war taxes we have maintained the price at which this family laxative has been sold by druggists for the past 26 years. Two sizes—50c and \$1.00.

CALUMET BAKING POWDER

"BEST BY TEST"

If you've not already been using Calumet, try it and you'll find a wonderful improvement in your cakes, a more satisfying goodness and finer texture than were ever possible with any other baking powder. A broad statement—but proven to be true whenever you use Calumet—it never fails.

Calumet is made in the world's largest, finest, most sanitary baking powder factory. Used by millions of housewives because it is economical and gives better and more satisfactory bakings.

CALUMET LAYER CAKE

1 1/2 Level cups sugar
1/2 Cup shortening
5 Eggs separated
1 cup milk or water

1 Level teaspoon salt
4 Level cups flour
4 Level teaspoons Calumet Baking Powder.

Lemon flavor

How to Make It: Cream one cup of sugar with the shortening until light, separate eggs and work in yolows. Beat the egg whites with balance of sugar to a stiff froth and add. Next stir in one cup of flour and then add milk. Last stir in balance of flour well sifted with baking powder. Bake in medium oven.

A "tested" Calumet recipe that insures excellent results. Cut out and paste in your recipe book for future reference.

Do You Know This?

When you buy a pound of Calumet you get a full pound—16 oz. Some high priced baking powders are now being put on the market in 12 oz. cans instead of a pound. Be sure you are getting a pound when you want it. No short weights with Calumet.

CLOVER FROM MISSISSIPPI

Judge John C. Chenault, has received from his son, John Cabell Chenault from his plantation in Mississippi a sample of red clover which experts say beats anything ever produced on the finest clover land in this section. Instead of the usual 50 or 60 stalks, there are some 500 in a bunch. The bunch is on display at the Southern National Bank and is attracting much interest. An erroneous report had been circulated in some quarters that the land in that section of Mississippi was not good clover soil but

this exhibit certainly refutes such claim.
